

# Progresión de los Récords de Europa al Aire Libre Progression of the European Outdoor Records

(cerrado a / as at 31.7.2014)

Revisado, completado, corregido y actualizado

Revised, completed, corrected and updated

Por/by José María García

*“A los admirados atletas europeos de todas las épocas y a mis estimados colegas estadísticos, españoles y extranjeros, con los que me he relacionado en el último medio siglo”.*

*Devoted to all the admired european athletes of all time, and to my respected colleagues in statistics, both spaniards and foreign, whom I have met in the last half century.*

## Introducción

Permitidme unas breves líneas como introducción a la cronología de récords y mejores marcas de Europa que tengo el honor de presentar.

En primer lugar tengo que manifestar algo obvio; se trata de una lista de marcas con un breve suplemento, y no de un relato -ni siquiera muy resumido- de la historia del atletismo europeo (de ello ya se ocuparon en su día, con la debida extensión, entre otros, los expertos italianos Roberto Quercetani y Luciano Serra- y el francés Gaston Meyer-, en los años sesenta).

Mucho antes, en 1898, Montague Shearman publicó el libro ATHLETICS, una espléndida descripción del atletismo británico, con un capítulo dedicado al atletismo norteamericano, escrito por Charles Sherrill.

He aquí una breve relación de fechas fundamentales, muy resumida, del atletismo moderno:

1864: Primer match Oxford-Cambridge (Oxford, Christ Church Ground).

1866: Primer campeonato inglés (Londres, Beaufort House)

1896: Primeros Juegos Olímpicos (Atenas).

1912: Fundación de la IAAF (Estocolmo).

1921: Fundación de la FSFI (París), organismo que rigió el atletismo femenino hasta 1936,

año en que pasa a integrarse en la IAAF.

1930: Primeros Juegos del Imperio Británico (Hamilton).

1934: Primer Campeonato de Europa (Turín).

1983: Primer Campeonato del Mundo (Helsinki).

Mi objetivo ha sido recuperar toda la cronología europea desde la primera marca significativa.

Ello me ha obligado a añadir 435 marcas anteriores al inicio de la lista publicada en el libro del Campeonato de Europa anterior (Goteborg 2006). Desglose: 299 masculinas y 136 femeninas.

## Introduction

Allow me a few brief lines as an introduction to the list of records and European best performances which I am honoured to present.

In the first place I have to state the obvious: it is a list of performances with a brief supplement and not a story, nor even a summary, of the history of European athletics (the Italian experts Roberto Quercetani and Luciano Serra – and the Frenchman Gaston Meyer – among others in their day took care of that with due extent in the Sixties). Much earlier, in 1898, Montague Shearman published the book ATHLETICS, a splendid description of British athletics, with a chapter dedicated to North American athletics written by Charles Sherrill.

I have set out here a brief summary of important dates of modern athletics:

1864: First Oxford – Cambridge match (Oxford, Christ Church Ground)

1866: First English Championships (London, Beaufort House)

1896: First Olympic Games (Athens)

1912: Founding of IAAF (Stockholm)

1921: Founding of FSFI (Paris), an organisation which governed women's athletics up to 1936 when it amalgamated with IAAF.

1930: First British Empire Games (Hamilton)

1934: First European Championships (Turin)

1983: First World Championships (Helsinki)

My objective has been to restore the complete European list from the first significant results. I have had to add 435 earlier results to the start of the list published in the book for the previous European Athletics Championships (Gothenburg 2006). Namely: 299 male performances and 136 female.

For the restoration of earlier results, the majority from the XIX century, the two important (and essential) sources

Para esta recuperación de marcas antiguas, la mayoría del siglo XIX, las dos fuentes fundamentales (e imprescindibles) han sido el libro de la IAAF de 2007 con la cronología detallada y comentada de las mejores marcas y récords mundiales, y la magnífica cronología de sus récords nacionales que publicaron los estadísticos británicos en los años noventa.

Me ha parecido un acto de justicia rescatar del olvido a todos aquellos atletas, principalmente ingleses e irlandeses, que comenzaron a escribir la historia de este deporte que tanto amamos.

Asimismo he añadido también marcas igualadas, saltos y lanzamientos en intentos previos (algunos olvidados o/y omitidos, y otros desconocidos), así como marcas eléctricas antiguas y algunos relevos cortos femeninos de la primera época (en total 137 marcas, 54 masculinas y 83 femeninas).

Por otra parte he retirado de la lista 34 marcas (13 masculinas y 21 femeninas) por distintos motivos (la explicación figura en los suplementos finales).

Si algún colega opina que falta algún resultado, espero que lo encuentre allí.

Las marcas añadidas de este último período (2006, 2007, 2008, 2009 y 2010 -hasta 30 junio-) han sido 19 solamente (2 masculinas y 17 femeninas), lo que pone de manifiesto el estancamiento del atletismo europeo.

En cuanto a las marcas de atletas profesionales (siglo XIX y primera década del XX) he preferido no tenerlas en cuenta.

En algunas marcas (lanzamientos femeninos) hay dudas sobre el artefacto utilizado en la primera época (duda que he hecho constar en cada caso entre paréntesis) o sobre el estilo utilizado (en jabalina, algún probable resultado con estilo libre).

Al final de la lista femenina he añadido tres pruebas (3000m, 80m vallas y pentathlon) que fueron oficiales antes de su tardía substitución por los 5000m, 100m vallas y heptathlon.

También en caso de doble versión en la fecha (generalmente en el día) unas veces he dejado las dos fechas y otras me he inclinado por una (en algunos casos he puesto entre paréntesis la versión probablemente errónea).

He conservado los tiempos en fracciones originales (mitad, cuartos y quintos de segundo).

La conversión de pies-pulgadas se ha hecho en las primeras épocas a milímetros en salto de altura, en medios centímetros en pértiga y longitud, y en centímetros redondeados a partir del triple salto (aunque en los años veinte todavía se incluían medios centímetros en lanzamiento de peso).

Este redondeo en centímetros provocó que según las diversas fuentes, en unos casos se redondease al alza y en otros a la baja (hay muchos ejemplos, pero basta con dos, ambos en martillo: Mitchell 44.20 ó 44.21 en 1892 y Flanagan 51.61 ó 51.62 en 1900).

have been the IAAF book of 2007 with the detailed and explanatory progression of best performances and world records and the magnificent table of national records which British statisticians published in the Nineties.

It seemed right that all those athletes, mainly British and Irish, who began to write the history of this sport which we love so much, should be rescued from obscurity. Likewise I have also added identical results, jumps and throws from previous rounds (some forgotten and/or omitted, and others unknown), as well as early electronic timings and some women's short relays from the early competitions (in total 137 results, 54 male and 83 female).

On the other hand I have removed from the list 34 results (13 male and 21 female) for different reasons (the explanation is in the notes at the end). If anyone feels they are missing any result, I hope you find it there.

The results added over the latter period (2006, 2007, 2008, 2009 and 2010 -till the 30th of June-) have totalled only 19 (2 male and 17 female) which puts into perspective how European athletics has not made much progress.

As regards the performances of professional athletes (XIX century and the first decade of XX) I have preferred not to take them into account.

In some cases (women's throws) there are doubts about the equipment used in the early days (a doubt I have highlighted in brackets on each occasion) and on the technique used (in the javelin some result may have come about using the free style technique).

At the end of the women's list I have added three events (3000m, 80m hurdles and the pentathlon) which were official until they were later replaced by the 5000m, 100m hurdles and the heptathlon. Also where the date has been duplicated (usually the day) on occasions I have left the two dates and in others I have gone for one (in some cases I have put in brackets the probable erroneous version).

I have kept the times in the original fractions (half, quarters and fifths of a second). The conversion from feet – inches, from the early period, has been to millimetres in the high jump, to half centimetres in the pole vault and long jump, and in rounded centimetres in the triple jump (although in the Twenties half centimetres were still measured in the shot put).

This rounding in centimetres resulted, according to different sources, in rounding upwards in some cases and downward in others (there are many examples but two are sufficient, both in the hammer: Mitchell 44.20m or 44.21m in 1892 and Flanagan 51.61m and 51.62 in 1900). In the early days there are several matters to be taken into account in some events, especially in the throws: there are short explanations at the start of each list.

I have followed the IAAF criteria about the nationality of the emigrant Irish athletes to the United States (examples: James Mitchell in the shot put and hammer, European up to 1892, North American from 1893, John Flanagan in the ham-

En la primera época, hay varias cuestiones a tener en cuenta en algunas pruebas, sobre todo en lanzamientos, por ello al inicio de cada cronología, se dan unas breves explicaciones.

He seguido el criterio de la IAAF en la nacionalidad de los atletas irlandeses emigrantes en Estados Unidos (ejemplos: James Mitchel en peso y martillo, europeo hasta 1892, norteamericano desde 1893, John Flanagan en martillo, europeo hasta 1900, norteamericano desde 1901).

Para hacer más fácil la lectura he separado los períodos olímpicos con una línea en blanco, incluso en la época anterior al restablecimiento de los Juegos Olímpicos (propuesto por el Barón Pierre de Coubertin en 1892 en París y aceptado en 1894 en la misma ciudad con la creación del Comité Olímpico Internacional).

Al cotejar diversas fuentes de información, se observan numerosas diferencias (sobre todo en fechas) aunque también, a veces, hay discrepancia sobre la aceptación o rechazo de algunas marcas.

Como la fuente principal de consulta es el libro de la IAAF de 2007 (progresión de récords y mejores marcas mundiales), cuando se incluye una marca que no figura en dicho libro (una vez suficientemente comprobada en otras fuentes), pongo a continuación un paréntesis aludiendo a dicha ausencia; también entre paréntesis se alude a las diferencias en las fechas.

Por ello, con vistas a una próxima edición de la repetida publicación, me ha parecido conveniente enviar un informe a la IAAF recogiendo dichas incidencias (errores a corregir y discrepancias diversas a investigar).

Respecto a la marcha, he reproducido las cronologías de las tres pruebas oficiales, aparecidas en el libro estadístico de la Copa del Mundo de Marcha de la IAAF, publicado en 2006 (pgs.201-210), cuyo compilador original fue Richard Hymans, con asistencia de José Javier Etayo, que incorporó varias marcas alemanas y danesas de la primera época.

Por mi parte he añadido la prueba femenina de 10 kilómetros ruta que fue oficial hasta 1998 (el marchador sueco Birger Fält me ha resuelto la única duda que tenía sobre una marca sueca de 1944).

### **Agradecimientos**

Nuestro colega residente en París, José Guilloto ha aclarado la veracidad y la regularidad (o irregularidad) de algunas marcas (por ejemplo en steeple, ha averiguado que en los 9.36-9.33 de 1923-24 en el estadio Pershing de París sí hubo foso de agua, contra la versión que afirmaba su ausencia, aportando incluso una foto del momento en que se franquea dicho obstáculo).

Algunos colegas británicos (Peter Matthews, Peter Lovesey) nos han resuelto ciertas dudas sobre alguna marca de la década de los ochenta (del siglo XIX).

mer, European to 1900, North American from 1901).

To make reading easier I have separated the Olympic periods with a gap, even in the period prior to the re-establishment of the Olympic Games (proposed by Baron Pierre de Coubertin in 1892 in Paris and accepted in 1894 in the same city when the International Olympic Committee was created).

When comparing different sources of information, numerous differences were noted (especially on the dates) although there was also at times a discrepancy in or rejection of some results.

The main source of reference is the IAAF book of 2007 (progression of records and world best performances), but when a result is included which doesn't appear in the aforementioned book (after having been sufficiently verified in other sources), I have identified in brackets reference its absence; also within the brackets I have referred to the differences in dates. Therefore, with the next edition of the publication in mind, I thought it advisable to send a report to the IAAF setting out those changes (mistakes to be corrected and different discrepancies to be checked).

With regard to the walks, I have repeated the lists for the three official events, as in the statistical book IAAF World Race Walking Cup, published in 2006 (pgs 201-210), originally compiled by Richard Hymans, with the assistance of José Javier Etayo, who added several German and Danish times from the early period.

For my part I have added the women's 10 kilometres road event which was official until 1998 (the Swedish walker Birger Fält removed the only doubt which I had about a Swedish time in 1944).

### **Acknowledgements**

Our colleague living in Paris, José Guilloto has resolved the accuracy and regularity (or irregularity) of some times (for example, in the steeplechase, he has established that the times of 9.36 and 9.33 in 1923 & 1924 achieved in the Pershing de Paris stadium did include a water jump, contrary to the version that stated there was none, and he even produced a photograph of the moment when that obstacle was jumped).

Some British colleagues (Peter Matthews, Peter Lovesey) have removed certain doubts about some performances from the 1880's.

Ottavio Castellini has given me information about Mecconi's attempts in the shot put in 1962 and the long distance performances of Pasquali in 1965-66.

Other colleagues from abroad (Alexandru Boriga, Györgi Csiki, Tony O'Donoghue, Nejat Kok, Peter Larsson, Marco Martini, Roberto Quercetani, Gabor Szabo, Janusz Wasko) have replied to our queries about different versions of some performances, dubious dates, etc.

José Javier Etayo has searched through old German sources (about women's performances mainly in the Twenties)

Ottavio Castellini me ha informado sobre los intentos de Meconi en peso en 1962 y sobre las marcas de fondo de Pasquali en los años 1965-66.

Otros colegas extranjeros (Alexandru Boriga, Györgi Csiki, Tony O'Donoghue, Nejat Kok, Peter Larsson, Marco Martini, Roberto Quercetani, Gabor Szabo, Janusz Wasko) han contestado a nuestras consultas sobre diferentes versiones de algunas marcas, fechas dudosas, etc.

José Javier Etayo ha consultado fuentes alemanas antiguas (sobre marcas femeninas de los años veinte principalmente), lo que me ha servido para completar y perfeccionar la época inicial de algunas pruebas.

Enrique Tre ha revisado escrupulosamente las pruebas combinadas (y ha corregido dos errores de un punto en la conversión a la tabla actual de dos decatlonos antiguos).

A José Luis Hernández, que me ha ayudado a contactar con varios colegas extranjeros en solicitud de aclaración sobre determinadas marcas, tengo que agradecerle su paciencia y su constante buena disposición a todas mis peticiones (cambios de datos con posterioridad a la maquetación original, búsqueda de fotografías apropiadas para intercalar en el texto, etc.).

Por último tengo que manifestar mi gratitud a Miguel Villaseñor, por su incondicional apoyo durante el último año con su abundante y precisa correspondencia (veintitantos folios), no sólo facilitando adendas, sino también sugiriendo ideas, discutiendo dobles versiones de fechas, ayudando a establecer criterios, investigando fuentes diversas en Internet, etc.

Agradeceré cualquier adenda y corrección que se me comunique.

JOSÉ MARÍA GARCÍA  
e-mail: garcila1@telefonica.net

*En enero de 2011 se ha publicado la segunda edición (y en Enero de 2012 la tercera) del libro de John Brant y Janusz Wasko con los rankings mundiales femeninos entre 1921 y 1962, en el que figuran algunas marcas, que nos eran desconocidas, que hubieran podido incluirse en la cronología europea (bien en la lista o bien en el suplemento), pero nos parece que este es un tema a tratar en el futuro, que no debemos afrontar ahora, dada su trascendencia, complejidad y repercusión en la historia atlética europea.*

which has helped me complete and improve on some events from the early period.

Enrique Tre has scrupulously reviewed the combined events (and has corrected two mistakes of one point in the conversion to the current table of two former decathletes).

I have to thank José Luis Hernández for helping me contact several colleagues abroad, requesting an explanation of certain performances, and for his patience and his constant willingness to all my requests (changes of details after the original draft, searches for photographs suitable for insertion within the text, etc).

Finally I have to show my gratitude to Miguel Villaseñor for his wholehearted support during the past year, with his abundant and precise correspondence (more than twenty pages), not only supplying information but also suggesting ideas, discussing duplications of dates, helping to establish criteria, searching the internet for different sources, etc.

I shall be grateful for any information or amendment sent to me.

JOSÉ MARÍA GARCÍA  
Email: garcila1@telefonica.net

*In January 2011 John Brant and Janusz Wasko published the second edition (& in January 2012 the third) of their book with women's world rankings between 1921 and 1962. It contains some marks which were unknown for us. These marks could have included in European chronology (either on the list or in the supplement), but we think this is an issue to be discuss in the future and we should not tackle now, given its importance, complexity and impact on the history of european athletics.*

## HOMBRES / MEN

### 100 m

Note: 10.4/5 marks not cited in IAAF World Records book: Ernest Kuhn-SUI & Andre Passat-FRA 14.6.1903 Gradignan.

There are other 10.4/5 & 10.3/5 marks which were made under uncertain conditions during the 1st decade of the 20th century.

### 3.000m Obstáculos / Steeplechase

Note 1: The distance used in GBR during the early years was 2 miles (3.218.69 metres). Best mark: 10:58.0 Sidney Robinson in 1903.  
In OG 1908 (London, WC) the distance was 3.200 metres, winner: Arthur Russell GBR 10:47.4/5 (estimated time in 3000m 10:07).

Note 2: Times next to 10 minutes: 10:06.4/5 Paul Seyfert GER Berlin 30.7.1911 & 10:03.0 Ludwig Heinz GER Stuttgart 4.8.1912.

Note 3: Several varied conditions, including the number of hurdles.

a) before establishment of the IAAF (from under 10 minutes):

14.88	48-10	WB	Denis	Horgan	IRL	Mallow	18	9	1904

c) 7f - 2.13m circle.

Note: In the eighties & nineties of the 19th century (& also in the first decade of the 20th century) there is much confusion concerning square & circle systems. The most likely chronology -circle wise- would be the following one:

13.22		EB	James	Mitchell	IRL	New York	19	9	1891
14.35	47-1	EB	Denis	Horgan	IRL	Glasgow	14	8	1899
14.41	47-4-3/8	EB	Denis	Horgan	IRL	New York	21	10	1900
14.68	sq.?	EB	Elmer	Niklander	FIN	Helsinki	4	7	1909

Note: From that point on only the circle system is used.

14.71		EB	Elmer	Niklander	FIN	Stockholm	11	7	1912

## Disco / Discus

Note 1 (19th century, various square/circles): 35.74 E.W.Eriksson 22.9.1895 Stockholm, 35.75 C.E.Helgesson 26.7.1896 Göteborg & 38.70 G.Söderstrom 18.7.1897 Stockholm, all SWE.

Note 2 (20th century, first decade, with the 2.50m square or 2.70/2.74m circle): Verner Järvinen 43.88 Helsinki 25.8.1901 & 44.84 Helsinki 1.8.1909, & Elmer Niklander 44.88 Helsinki 19.6.1910, both FIN.

Only includes marks -2kg- with 2.50m circle:

39.36	WB	Nándor	Fóthy	HUN	Békéscsaba	20	8	1902
40.61	WB	Nándor	Fóthy	HUN	Budapest	5	10	1902
41.80	WB	Nándor	Fóthy	HUN	Budapest	11	6	1903

From that point on, always under the same conditions (2.50m circle):

44.01	WB	Elmer	Niklander	FIN	Helsinki	5	8	1911
44.34	EB	Armas	Taipale	FIN	Stockholm (att.4)	12	7	1912

45.21	EB	Armas	Taipale	FIN	Stockholm (att.6)	12	7	1912

## Martillo / Hammer

Note: Conversion from inches to centimetres (excluding half centimetres).

a): With unlimited run the best was G.Hales GBR (40.51/132-11 in 1875 & 42.14/138-3 in 1876).

b): With lines drawn 7f - 2.13m apart the best were G.Hales GBR (33.53/110-0 in 1877) & O.Harte IRL (34.80/114-2 in 1884).

c): With 7f - 2.13m circle:

## Decathlon

**Note: This progression is made exclusively with the table in use in each period. When a change of tables is made, only counts the last record, what means that any higher number of points -using the new table- is not considered as a record. On the right side of each record appears the translation to the present table, but only as an extra information.**

oooooooo

Marks that would have made a record, considering the present table, but obviously can not be in anyway considered as records or best marks (although

in some chronologies these marks are included in the main list -in my opinion- they should appear on the side, as an extra information).

<b>1912T</b> (7462.790	<b>1985T</b> 5969	Waldemar	Wickholm	FIN	Malmö	(in three days)	7/9	7	1914)
		11.5 - 6.43 - 11.29 - 1.74 - 51.9 - 16.0 - 32.54 - 2.90 - 43.63 - 4:41.3							
(7853.65	6075	Bertil	Ohlson	SWE	Stockholm		3/4	7	1920)
		11.8 - 6.72 - 11.65 - 1.78 - 54.0 - 17.1 - 39.23 - 3.30 - 43.21 - 4:37.3							
<b>1920T</b> (7226.905	<b>1985T</b> 6148	Gustaf	Strandberg	FIN	Göteborg		7/8	7	1923)
		11.7 - 6.66 - 11.27 - 1.70 - 53.0 - 16.2 - 33.03 - 3.30 - 54.51 - 4:41.0							
(7931.500	6645	Akilles	Järvinen	FIN	Amsterdam		3/4	8	1928)
		11.2 - 6.87 - 13.64 - 1.75 - 51.4 - 15.6 - 36.95 - 3.30 - 55.58 - 4:52.4							
<b>1962T</b> (8480	<b>1985T</b> 8534	Siegfried	Stark	GDR	Halle		3/4	5	1980)
		11.10w - 7.64 - 15.81 - 2.03 - 49.53 - 14.86w - 47.20 - 5.00 - 68.70 - 4:27.7a							

oooooooooooo

An athlete that, in the last event, passes through the line before the decathlon winner and gets an score better than the previous record.

<b>1912T</b> (7347.855	<b>1985T</b> 5768	Gösta	Holmér	SWE	Stockholm	(in three days)	13-15	7	1912)
		11.4 - 5.98 - 10.98 - 1.70 - 53.2 - 17.0 - 31.78 - 3.20 - 46.28 - 4:41.9							

oooooooooooo

We should bear in mind that in some cases (when using any table different from the present one) there are marks which would have been records too. Just an example:

<b>1920T</b> (8435.36	<b>1934T</b> 7449	<b>1952T</b> 6680	<b>1962T</b> 7003	<b>1985T</b> 6828	Hans-Heinrich Sievert	GER	Köln	12/13	8	1933)
		11.2 - 6.78 - 15.31 - 1.85 - 53.8 - 15.8 - 45.75 - 3.30 - 58.32 - 5.06.0								

Note: The previous record (8460.620 same athlete, Hamburg july 1933) re-scored with 1985T was higher (6833), but with the other tables the total of points was lower: 7432 (1934T), 6635 (1952T), 6999 (1962T).

## 20km Marcha / Walk Ruta/Road

Despite the inclusion of the 20k road distance as an Olympic event from 1956 onwards, marks for the 20k road walk were not accepted as records until 1.1.2004. Not include track events.

2:07:04	WB	Franz	Stage	GER	Berlin	9	12	1894

Mark not ratified as world record

1:16:43	WB	Sergey	Morozov	RUS	Saransk	8	6	2008
---------	----	--------	---------	-----	---------	---	---	------

Supplement: - Probably short course

1:29:07		Josef	Doležal	CZE	Straz pod Ralskem	5	9	1954
1:23:30		Peter	Frenkel	GDR	Banska Bystrica	10	8	1974
1:22:32		Viktor	Semenov	URS	Styelkevo	25	3	1979

Supplement - doubtful mark

1:37:57p		Emile	Anthoine	FRA	Paris/Longchamp	13	7	1913
----------	--	-------	----------	-----	-----------------	----	---	------

p = professional at the time of performance - not eligible for record purposes made during 50k race event -42247-, unofficial record attack, unknown conditions

1:19:46		Boris	Yakovlev	URS	Eschborn	29	9	1979
---------	--	-------	----------	-----	----------	----	---	------

The top-5 became the fastest 5 in the history of the event, giving rise to speculation that the course was probably short. The organizers and German experts who witnessed the race consider it was completely fair and performances should be accepted and distance is correct, but that video and pictures evidence show that the style was doubtful.

### 50km Marcha / Walk Ruta/Road

The 50 kilometres walk has a more illustrious Olympic history than the 20k, having taken place initially in 1932, but, as in the 20k event, marks for the 50k road walk were not accepted as records until 1.1.2004. The progression is as follows:

5:48:39	WB	Franz	Stage	GER	Berlin	17	3	1895
5:40:25	WB	Christian	Hansen	DEN	København	16	5	1896
5:35:07	WB	Peter	Holm	DEN	København	25	7	1897

5:33:54	WB	Christian	Christensen	DEN	København	8	8	1897
5:30:26	WB	Christian	Christensen	DEN	København	15	8	1897

3:33:22		Valeriy	Spitsyn	RUS	Moskva	23	4	1992

## SUPLEMENTO / SUPPLEMENT

### A) Eligibility/Ineligibility:

a-1) McDonald Bailey (TRI until 1947, GBR since 1948) (ER: 10.3 GER 1932)  
 100m 10.3 Göteborg 28.8.1946 - 10.3 Antwerpen 29.6.1947 (not eligible, not included in list).  
 Note: His other perms. of 100m (see in list: 10.3/1950 & 10.2/1951) & 200m (see in list: 7 perms. until 21.1y-21.0 since 20.9/1950-1952 & aut.tim.21.27 & 21.14 in 1952) are all eligible.

a-2) Abdoulaye Seye (SEN until 1959, FRA in 1960). (ER: 10.2 GBR 1951) Five years of residence were necessary.  
 100m 10.2 Paris (Ch) 4.7.1959 (not eligible, not included in list).  
 Note: His perms. of 1960 are eligible (see in list: 200m 20.4 Ov., 200m aut.tm. 20.99 & 20.95, 400m aut.tim. 45.88).

### B) Performances first accepted as ER, but subsequently annuled (because of several reasons):

b-1) Due to error in classification & time:  
 800m 1:52.2 Hanns Braun GER Stokholm 8.7.1912 (W & E best in 1909: ITA 1:52.4/5y).  
 Note: Official version (final Olympic Games) Braun GER 4th ..... Brock CAN 6th. (but the more correct result was: 4th Brock & 6th Braun with 1:53.1 or 1:53.2 in other sources).

b-2) Due to drug abuse (retroactive):  
 100m 9.87 2.0 Dwain Chambers GBR Paris (Ch) 14.9.2002 (ER: 9.87 GBR 1993).

### C) Performances mistakenly accepted as ER (due to error in the conversion of automatic timing):

400m 44.9 Martin Jellinghaus FRG Ciudad de México (O.G. sf2) 17.10.1968  
 Note 1: True time 45.06 (IAAF adjustment 0.05, corrected time 45.01, erroneous rounded in 44.9, true time 45.0) (ER: GER 44.9 - 1960).  
 Note 2: 45.06 included in automatic timing list (but 44.9 not included in decimal list).

### D) Performances cited in some chronologies but not included in my own list:

100m  
 10.4/5 Emile Lesieur FRA St.Cloud 6.5.1906 (very doubtful). Info: José Guilloto.  
 10.4 Helmut Körnig GER Budapest 28.7.1929 (probably wind assisted) (IAAF: wind details are not known).  
 10.4 Helmut Körnig GER Berlin 29.6.1930 (wind assisted & unsanctioned meeting).  
 10.4 Helmut Körnig GER Berlin 13.7.1930 (IAAF: lighth following wind).

9.9 Vitaliy Savin URS Alma-Ata 29.5.1989 (without wind info).  
(equalled performances in all cases)

200m

21.1 Christiaan Berger NED Amsterdam 15.6.1930 (I accept the 21.0 H.Kornig 1928 in Bochum, 426m track, as a full turn).

800m

1:53.4 Albert Hill GBR Antwerpen 17.8.1920 (if 1:52.8y E.Lunghi of 1909 was WB, I think that 1:53.4 in 1920 is not acceptable as EB).

Marathon

2:14:14 Antti Viskari FIN Boston 19.4.1956 (short distance, 25 miles & 938 yards = 41.091 mts.).

2:12:39 Ron Hill GBR Manchester 13.6.1971 (there are better legal perfs. made previously).

110m H

13.0 Stéphane Caristan FRA Créteil 3.5.1986 (without anemometer, in ATHLERAMA: conditions régulières).

13.0 Vladimir Shishkin URS Staiki 7.5.1988 (without anemometer, probably wind assisted).

(in both cases ER: 13.0 FRA 1975)

400m Hurdles

54.2y David Burghley GBR London 2.7.1927 (the WR 400m was 53.8 S.Pettersson 1925 & the equivalence of 54.2 in 440y is 53.9 in 400m).

3000m st:

9.33.6 Ville Ritola FIN Colombes (O.I.G.Paris) 9.7.1924 (there is a better mark made previously: 9.33.2/5 P.Bontemps FRA Paris (P) 9.6.1924).

Note: This mark -9.33.2/5- achieved in the Pershing stadium (Paris) did include a water jump (info: José Guilloto).

8:18.4 Michael Karst FRG Helsinki 26.6.74 (in some sources the time was 8:18.5-8:18.50 & the ER was 8:18.4-8:18.39 SWE 1973).

HJ

1.969 / 6-5-1/2 Con O'Connor IRL Abbeyleix 22.8.1926 (doubtful conditions).

1.956 / 6-5 Geoffrey Turner GBR Widmes 20.7.1929 (not qualified officials).

(in both cases EB: 1.956 / 6-5 IRL 1913)

PV

Charles Hoff NOR (4.28 Trondheim 6.10.1929 & 4.32 Hønefoss 27.9.1931). Both marks: professional exhibition.

(WR: 4.30 USA 1928 - ER: 4.25 NOR 1925)

LJ

7.84 (att.3) & 7.87 (att.5) Luz Long GER Berlin 4.8.1936 (wind assisted). (ER: 7.82 GER 1936)

SP

14.56 Elmer Niklander FIN Porvoo 1.6.1913 (EB: 14.71 same athlete, better perf. made previously in O.G.1912).

HT

57.20 Karl Hein GER Dortmund 7.8.1938 & also 57.20 Erwin Blask GER Berlin 13.8.1938 (57.22 K.Hein, better legal perf. made previously).

4x100m

41.0 SG Entracht Frankfurt GER Frankfurt/Main 17.6.1928 (Geerling, Wichmann, Metzger, Eldracher). Only WB for clubs (WB for Nations was 40.8).

4x400m

3:00.50 GER Athína 11.9.1982 (Skarmrahl, Schmid, Giessing, Weber). The perf. of GBR in O.G.1972 (3:00.5a) was the true ER 3:00.46 (from 1.1.1981 the times were accepted as the official records in hundredths). Consequently 3:00.50 (first version 3:00.51) is not ER.

**E)** Other performances not included due to several reasons:

100m

10.0 0.2 Armin Hary GER Friedrichshafen 6.9.1958 (favourable slope of 11 cm, permissible 10 cm limit) WR: 10.1 1956, ER: 10.2 1951.

10.0 (aut.10.16) 0.6 Armin Hary GER Zurich 21.6.1960 (race 1, rolling start) (WR: 10.1 USA 1956 - ER: 10.2 GBR 1951).

Note: In race 2 Hary 10.0 WR (aut.10.25).

400m

50.1/5y Reginald Macauley GBR London (LB) 7.4.1881 (winner in the Oxford-Cambridge match). (EB: 50.2/5y GBR 1868).

NOTE: Time cited by Hamacher, Leconte & Athletics 1901. However, according to Peter Lovesey, the time in various newspapers was 50.2/5, 50.3/5 (in his opinion this is the most likely) or 50.4/5.

49.1/5y William Phillips GBR Birmingham 16.7.1881 (downhill track) (EB: 50.2/5y GBR 1868).

NOTE: There were other marks made in Cambridge (Fenners, downhill track) in 1865/1871. The best one was:

49.3/4y Robert Philpot GBR 7.3.1871.

110mH (all downhill track)

16.0y George Lawrence GBR Birmingham 16.7.1881 (WB: 16.0y GBR 1865).

16.0y Godfrey Shaw GBR Cambridge (F) 13.6.1895 (EB: 16.0y GBR 1865).

15.4/5y Kenneth Powell GBR Cambridge (F) 4.3.1907 (EB: 15.4/5y GBR 1895).

14.8y David Burghley GBR Cambridge (F) 11.6.1927 (EB: 14.9 SWE 1924).

3000m Steeple

In the final of the Los Angeles O.G. (6.8.1932) Volmari Iso-Hollo FIN won with 10.33.4 (one extra lap, actual distance 3460 metres). Estimated time in 3000m, rounded in sec.: 9.08.4 unofficial time. (WB: 9.14.6 USA 1932).

DT

68.58 Ricky Bruch SWE Malmö 10.9.1972 (only one competitor) (WR/ER: 68.40 USA 1968 & SWE 1972).

HT

51.71 (169-8) Tom Nicolson GBR Glasgow 7.8.1904 (9 foot/2.74m circle) (EB: 51.61 / 169-4 IRL 1900).

58.13 Erwin Blask GER Berlin 7.8.1938 (twice, the circle was only superimposed on the surface and countersunk) (WB: 57.22 GER 1937).

JT

68.55 Jonni Myyrä FIN Richmond 27.9.1925 (meeting unsanctioned by the AAU) (WB: 67.31 one week before).

94.74 Jan Železný TCH Oslo 4.7.1992 (irregular implement) (WR: 91.46 January 1972).

## MUJERES / WOMEN

### 100m

Note: Includes alternative progression without Stanisława Walasiewicz\* marks.

## 800m

Note 1: y = 880 yards (804.67 metres).

Note 2: The first distance used in early years was 1000m. Lempi Aaltonen FIN made 3:26.5 in 1911 (estimated time in 800m -rounded in sec.- 2:45). Afterwards Aaltonen made 3:23.2 in 1915 (estimated time in 800m -rounded in sec.- 2:42/2:43).

Note 3: These first three marks are of inferior quality:

#### 4x100m

Note 1: y = 4x110 yards (100.58 metres).

Note 2: Includes alternative progression, with winning times, in case the EB is estimated.

Note 3: There is much confusion concerning the marks from the period 1926-1930 (times appear in even tenths; in uneven tenths, rounded; and in uneven tenths, not rounded). The records for clubs and the records for national teams are all mixed up. With the exception of the winning ones, marks are mostly estimated.

## Heptathlon

Note: The 4 first marks (Wiese ... Wedwing) not included in IAAF WR/WB progression (the 3 first -Wiese ... Jensen- were obtained in Nonathlon, with DT & 100m).

Change of order (same events): until 1982 the order was SP-HJ, from 1983 HJ-SP.

## Pentathlon

Note: In the 20's & 30's assorted tables were used (& the events also varied).

Using the Russian System (Events: 100m - JT - LJ - DT - 800m) the best one was:

Ella Mitsis URS with 3943 points (Moskva 1940), marks: 13.0 - 39.92 - 5.35 - 39.83 - 2:33.2 (re-scored on 1954 Table: 4033).

Using the German System (Events: SP - LJ - 100m - HJ - JT) the best one was:

Gisela Mauermayer GER (418 points, Stuttgart 1938), marks: 13.07 - 5.62 - 12.4 - 1.56 - 36.90 (re-scored on 1954 Table: 4391).

After the war the best were:

Aleksandra Chudina URS (424 points, Kharkov 1947 & 429 points, Moskva 1948)

Lena Stumpf GER (447 points, Bremen 1949), marks: 12.04 - 5.91 - 12.5 - 1.60 - 42.60 (re-scored on 1954 Table: 4507).

Change of events in 1949 (SP - HJ - 200m - 80mH - LJ) & also change of Tables in 1950 & 1954.

The points listed below are shown on the 1954 Table (although obviously the first 4 marks -until 1953- are also shown, in parenthesis, on the 1950 Table):

#### 1954T

4608	WB	Aleksandra Chudina	URS	Tbilisi (1950T: 4305)	8-9 10 1949
		13.51 - 1.61- 25.5 - 12.0 - 5.71			
4651	WB	Aleksandra Chudina	URS	Kiev (1950T: 4332)	21-22 9 1950
		13.32 - 1.64 - 25.8 - 11.6 - 5.68			
4692	WR	Fanny Blankers-Koen	NED	Amsterdam (1950T: 4400)	15-16 9 1951
		11.50 - 1.60 - 24.4 - 11.4 - 5.88			
4704	WR	Aleksandra Chudina	URS	Bucuresti (1950T: 4407)	8-9 8 1953
		13.42 - 1.63 - 25.5 - 11.6 - 5.81			
4747	WR	Nina Martynenko-Vinogradova	URS	Leningrad	6-7 7 1955
		13.54 - 1.62 - 25.8 - 11.3 - 5.92			
4750	WR	Aleksandra Chudina	URS	Moskva	6-7 9 1955
		13.99 - 1.64 - 26.3 - 11.5 - 6.04			
4767	WR	Nina Vinogradova	URS	Moskva	11-12 8 1956
		13.23 - 1.57 - 25.4 - 10.9 - 5.88			
4846	WR	Galina Bystrova	URS	Odessa	15-16 10 1957
		12.73 - 1.58 - 25.2 - 10.8 - 6.17			
4872	WR	Galina Bystrova	URS	Tbilisi	1-2 11 1958
		13.81 - 1.60 - 25.5 - 10.8 - 6.00			
4880	WR	Irina Press	URS	Krasnodar	13-14 9 1959
		14.20 - 1.58 - 24.8 - 10.9 - 5.82			
4902	WR	Irina Press	URS	Tula	21-22 5 1960
		15.00 - 1.57 - 24.3 - 11.2 - 5.76			
4959	WR	Irina Press	URS	Tula	25-26 6 1960
		15.18 - 1.50 - 24.5 - 10.9 - 6.17			
4972	WR	Irina Press	URS	Kiev	17-18 10 1960
		15.34 - 1.63 - 24.7 - 10.8 - 5.58			
5020	WB	Irina Press	URS	Leningrad	16-17 8 1961
		15.98 - 1.60 - 24.7 - 11.2 - 6.05			

Change of order (same events):

5137	WR	Irina Press	URS	Tbilisi	8-9 10 1961
		10.9 - 15.26 - 1.62 - 6.24 - 24.2			
5194	WB	Irina Press	URS	Kiev	29-30 8 1964
		10.7 - 16.58 - 1.67 - 6.09 - 25.0			
5246	WR	Irina Press	URS	Tokyo	16-17 10 1964
		10.7a - 17.16 - 1.63 - 6.24 - 24.7a			

Note: 10.7 in 80mH = 1096 points. Total in other 4 events: 4150.

Change of event (100mH replacing 80mH):

Note: The first two marks (April) not included in IAAF WR/WB progression.

4287	WB	Odette Delcellier-Ducas	FRA	Rouen	19-20 4 1969
		15.6 - 11.80 - 1.48 - 5.87 - 26.2			
4550/4541	WB	Vera But	URS	Yalta	26-27 4 1969
		14.3 - 13.02 - 1.55 - 5.53 - 26.0			
		(4550 in ATFS, but points are: 1005+922+891+880+843 = 4541)			
4995	WB	Heidemarie Rosendahl	FRG	Leverkusen	10-11 5 1969
		13.7 - 13.93 - 1.59 - 6.24 - 24.8			
5023	WB	Heidemarie Rosendahl	FRG	Heidelberg	31.5 /1.6 1969
		13.6 - 13.26 - 1.65 - 6.21 - 24.8			
5046	WB	Meta Antenen	SUI	Liestal	5-6 7 1969
		13.5 - 11.28 - 1.71 - 6.49 - 24.6			

5089	WB	Liese	Prokop	AUT	Leoben	16-17	8	1969
		13.9 - 14.51 - 1.72 - 6.07 - 24.9						
5155	WB	Heidemarie	Rosendahl	FRG	Leverkusen	26-27	9	1969
		13.7 - 13.95 - 1.64 - 6.33 - 23.9						
5352	WR	Liese	Prokop	AUT	Wien-Südstadt	4-5	10	1969
		13.5 - 14.95 - 1.75 - 6.62 - 24.6						
5406	WR	Burglinde	Pollak	GDR	Erfurt	5-6	9	1970
		13.3 - 15.57 - 1.75 - 6.20 - 23.8						

Note: The above performance re-scored (1971T: 4775)

1971T

4801	WR	Mary	Peters	GBR	München	2-3	9	1972
		13.29 - 16.20 - 1.82 - 5.98 - 24.08						

4819m	WR	Burglinde	Pollak	GDR	Sofia	12	8	1973
		13.3m - 15.40 - 1.74 - 6.45 - 23.7m (first info -erroneous-			13.21 & 23.70, 4831 points)			

4932	WR	Burglinde	Pollak	GDR	Bonn	22	9	1973
		13.21 - 15.85 - 1.78 - 6.47 - 23.35						

Note: 23.35 in 200m = 1001 points. Total in other 4 events: 3931.

Change of event (800m replacing 200m)

Note: The first three marks (1976/7) & 4880 (1980) not included in IAAF WR/WB progression.

4117	WB	Susan	Longden	GBR	London (CP)	18	9	1976
		14.14 - 11.35 - 1.73 - 5.96 - 2.24.87						

4633mi	WB	Burglinde	Pollak	GDR	Ost Berlin	26	2	1977
		13.3m - 16.07 - 1.71 - 6.14 - 2:16.2m						

4604m	WB	Nadezhda	Tkachenko	URS	Nikolayev	28	4	1977
		13.5m - 14.85 - 1.74 - 6.41 - 2:17.8m						

4765	WR	Eva	Wilms	FRG	Göttingen	14	5	1977
		13.70 - 20.62 - 1.74 - 6.03 - 2:19.91						

4823	WR	Eva	Wilms	FRG	Bernhausen (other info: day 18)	19	6	1977
		13.83 - 20.95 - 1.74 - 6.29 - 2:19.66						

4839	WR	Nadezhda	Tkachenko	URS	Lille	18	9	1977
		13.49 - 15.93 - 1.80 - 6.49 - 2:10.62						

4880m	WB	Nadezhda	Tkachenko	URS	Donetsk	28	5	1980
		13.0m - 16.86 - 1.80 - 6.36 - 2:14.1m						

4856	WR	Olga	Kuragina	URS	Moskva	20	6	1980
		13.38 - 13.44 - 1.86 - 6.41 - 2:03.73						

5083	WR	Nadezhda	Tkachenko	URS	Moskva	24	7	1980
		13.29 - 16.84 - 1.84 - 6.73 - 2:05.2a						

oooooooo

Athletes that, in the last event, pass through the line before the pentathlon winner and get an score better than the previous record.

1971T

4791		Heidemarie	Rosendahl	FRG	München	2-3	9	1972
		13.34 - 13.86 - 1.65 - 6.83 - 22.96

		13.26 - 12.49 - 1.84 - 6.77 - 2:03.6a						

4937		Olga	Rukavishnikova	URS	Moskva	24	7	1980
------	--	------	----------------	-----	--------	----	---	------

13.66 - 14.09 - 1.88 - 6.79 - 2.04.8a

## SUPLEMENTO / SUPPLEMENT

A) Later identified as a man:

Zdeňka Koubková TCH

800m : 2.16.4 Praha 14.6.1934 - 2.12.4 London 11.8.1934 (WR: 2.16.8 GER 1928).

Dora Ratjen GER  
HJ : 1.65 Krefeld 4.7.1937 - 1.66 Göttingen 25.6.1938 - 1.67 Saarbrücken 11.9.1938 - 1.67 and 1.70 Wien 18.9.1938 (WR: 1.65 USA & GBR 1932/36).

Else Volkhausen GER  
JT: 47.17 Mannheim 7.8.1938 (WR: 46.74 USA 1932 – ER: 45.71 AUT 1936).

**B) Controversial gender status:**  
Erika Matthes GER  
JT: 47.80 Stuttgart 17.7.1938 (WR: 46.74 USA 1932 – ER: 45.71 AUT 1936).

**C) Disqualified from Women competition in 1967 for a chromosome defect and all her records deleted in 1970:**  
Ewa Kłobukowska POL

C-1: World R  
100m : 11.1 +2.0 Praha 9.7.1965 (WR: 11.2 USA 1961).  
4x100m : 44.2 Łódź 13.9.1964 (with Piątkowska, Kirszenstein, Górecka) - 43.6/43.69 Tokyo 21.10.64 (with Ciepla, Kirszenstein, Górecka) (WR: 44.3 USA 1961).

C-2: Europe R only  
100m : 11.3 Budapest 6.9.1964 - 11.3 Łódź 13.9.1964 - 11.3 Odawara 21.10.1964 (ER: 11.3 URS 1958).  
100m (aut.tim.) : 11.45 -0.7 Tokyo (h3) 15.10.1964 (ER 11.65 GBR 1960) - 11.42 +1.4 Tokyo (sf2) 16.10.1964 (ER: 11.54 GBR 1964).  
4x100m : 44.4 Budapest 5.9.1964 (with Piątkowska, Kirszenstein, Górecka) (ER: 44.5 URS 1961).

**D) Centesimal mark not electric fully automatic (Soviet Federation did not submit the mark for approval, no photo-finish):**  
100m: 10.87 +1.9 Lyudmila Kondratyeva URS Leningrad 3.6.1980 (WR: 10.88 GDR 1977).

**E) Fédération Sportive Féminine International (FSFI):**  
Was founded in Paris (31.10.1921) & was dissolved in Berlin (6.8.1936), and the IAAF absorbed women's Athletics.

**F) Performance erroneously ratified as WR (due to error in the conversion from automatic timing):**  
100m +1.8 11.1 Irena Szewinska POL Ciudad de Mexico (O.G. qf4) 14.10.1968  
Note 1: True time 11.20 (IAAF adjustment 0.05, corrected time 11.15, erroneous rounded in 11.1, true time 11.2) (WR: 11.1 POL 1965).  
Note 2: 11.20 included in automatic timing list (but 11.1 not included in decimal list).

**G) Performance erroneously ratified as ER (there are previous and better marks accepted as WR by the FSFI):**  
JT 37.56 Lisa Gelius GER München 9.9.1934 (Official WR/ER FSFI from 1932: 44.64 E.Braumüller GER).  
Note: Also in O.G.1932 -Los Angeles- E.Braumüller & O.Fleischer, 2nd & 3rd, throwing 43.50 & 43.15.

**H) Performance not accepted as WR/ER due to drug abuse:**  
HT 78.61 Tatyana Lysenko RUS Sochi 26.5.2007 (WR: 77.80 RUS 2006).

**I) Performances cited in some chronologies but not included in my own list:**  
100m  
12.6 Leni Junker GER ..... 1924 (without site & day-month). Mark included in IAAF WB/WR progression (but not in other sources).  
11.81 0.0 Heather Armitage GBR Melbourne h4 24.11.1956 (the true wind is illegal: +2.4).

200m  
24.1 Stanisława Walasiewicz\* POL Chicago 18.8.1932 (straight).  
23.8 Stanisława Walasiewicz\* POL Grudziadz 25.9.1938 (exhibition).  
23.7 Fanny Blankers-Koen NED Rotterdam 29.6.1952 (this mark was wind assisted although it appeared -as legal- in ATFS yearlist).  
23.82 Irena Kirszenstein POL Tokio h6 18.10.1964 (the true wind is illegal: +4.1).  
23.62 Irena Kirszenstein POL Tokio sf1 18.10.1964 (there is a previous better mark: 23.40 D.Hyman 1962).

400m  
53.1a Ann Packer GBR Tokyo h2 15.10.1964 (there is a previous better mark: 53.0 M.Itkina Aug.1964).  
(note: electric timing 53.18, previous WB: 53.16 J.Grieverson 1963).

5000m (info: Ottavio Castellini).  
16:45.0 Elsa Pasquali ITA Vicenza 11.2.1966 (made on road, not on track).

HJ  
1.605 Carolina Gisolf NED Maastricht 18.7.1928 (inexisting mark, it is a repetition of the same mark, same athlete & same site obtained in 1929).

PV (Info: José Guilloto).  
3.95i Nicole Rieger GER Clermont-Ferrand 28.1.1994 (inexisting mark, her previous attempt to EB 4.00i was 3.92i, (previous EB 3.93 GER1993).

TJ  
14.09i Galina Chistyakova URS Lipetsk 29.1.1989 (there is a previous better mark: 14.16i I.Lasovskaya 15.1.1989).

DT (info: Marco Martini)  
43.08 Jadwiga Wajs POL Pabianice/Poznan 5.7.1933 (error/confusion/repetition with the following WR -same mark- 10 days after in other site).  
Note: In IAAF WR/WB progression this mark is made in Pabianice 5.7.1933, but is an error. The Polish Women's Championships was  
disputed in Krolewska Huta 15/16.7.1933, DT first day.

DT (info Janusz Wasko, source: Przegląd Sportowy – 2.8.1933).  
44.60 Jadwiga Wajs POL Bialystok 30.7.1933 (in second attempt, after throw she leave circle 5 cm. but was measured – this day the legal mark  
was 41.70).

4x100m  
53.9 SC Charlottenburg Berlin GER Dresden 14.8.1920 (Wolff, Utech, Birkner, Haase) (there is a previous better mark: 53.3 GER 1.8.1920).  
50.0 (49.9) SV Viktoria 1896 Magdeburg GER Breslau 7.8.1927 (Jacke, Hellmann, R.Drieling, I.Drieling) (only WR for clubs, WR for Nat. was  
49.4/5).

42.5a GDR Karl-Marx-Stadt 29.5.1976 (in my opinion, from 1976 onwards, electric times must not be rounded -in this event- and therefore only the  
times in hundredths in automatic timing list -in this case 42.50- should be included).

**J**) Performances in throws (not accepted as WR) cited in some chronologies but not included in my own list because there are previous and  
better marks with implement of superior weight:

SP (WB: 7.50 with 5k in Apr.1918)  
7.31 Violette Gouraud FRA Paris (JB) 7.7.1918

DT (WB: 29.11 with 1.5k in 1922)  
28.90 X. Schoenmacker GER Nanterre 22.7.1923  
27.65 Louise Groslimond SUI Paris 29.6.1924

JT (WB: 28.84 with 800g in 1914)  
24.95 Marie Mejzliková I TCH Prostejov 30.7.1922  
25.50 Marie Janderová TCH Monaco 6.4.1923  
26.10 Kamila Olmerová TCH Hradec Králové 31.5.1923  
27.30 Františka Vlachová TCH Jihlava 26.8.1923  
27.30 Kamila Olmerová TCH Kladno 2.9.1923

Note: Details in IAAF 2007 book (p.350), WR JT 800g-both hands (K.Olmerová 34.85+23.26 = 58.11, Brno 8.8.1926):  
All javelin records by CSR women were made with the free style – with the finger-grip at the end of the javelin.

**K**) Other performances not included due to several reasons:  
100mH 12.84 1.3 Teresa Sukniewicz POL Warszawa 18.6.1972 (rolling start) (WR: 12.93 TPE 1970 – ER: 12.94 GER 1971)

PV  
4.10 - 4.15 - 4.20 Daniela Bartová CZE Praha 14.6.1995 (considered by the IAAF as exhibition) (WR: 4.10 CZE 1995).

PV (indoor) - Pending of verification.

3.05i - 3.15i Christine Dalage FRA Paris 12.2.1982

Note: Included in IAAF Handbook Lisboa-2001 indoor book, WR chronology -p.247- (compiler: Giorgio Malisani), but not included in French book  
SPECIAL SALLE (published in 1991), chronologies meilleures performances et records nationaux (compilers: Alain Bouille & Jacques Carme-  
lli)

Perche Femmes p.131 (best to 1990: 2.80 N.Teppe 1989).

Our colleague José Guilloto has not been able to obtain the official confirmation of these French marks.

DT (info: Nejat Kok)  
66.58 Argentina Menis ROU Izmir 4.8.1972 (same day WR 66.76 Melnik in Moskva, made before).

*SOVIET UNION (URS):*

This country was not an IAAF member so consequently the early Soviet performances had no chance of official recognition (became a member of the IAAF only on 31.12.1947).  
Therefore, in the lists, the marks made by Soviet athletes until 1947, appear in brackets: (EB) & (WB).

*CITIES:*

Note 1: Kristiania until 1924 - Oslo from 1925

Note 2: Various former URS cities (Alma-Ata, Frunze, Kharkov, Khisinev, Kiev, Leningrad, Lvov) changed their names in 1992 (Almaty, Bishkek, Khar-

kiv, Chisinau, Kyiv, St.Petersburg, Lviv).
